“With the Tribute Plan the practice of good medicine and improving the profession over time, we will all win.”

As the nation’s largest insurer of physicians and surgeons’ medical liability, The Doctors Company is committed to relentlessly defending, protecting, and rewarding doctors. We have taken bold steps to redefine the best medical malpractice insurance coverage in the industry, and as a new member of our organization, you will reap the rewards.

We have reached the five-year anniversary of the industry’s most ambitious member benefit—the Tribute Plan. It’s a milestone we are especially proud to recognize. This innovative financial benefit rewards you for your loyalty to The Doctors Company and for your dedication to superior patient care.

Today, more than 1,300 Tribute awards have been distributed, and over 22,700 members have already qualified for an award when they retire from the practice of medicine. By the end of 2012, approximately $550 million will have been earmarked for Tribute awards. And every year, those numbers continue to grow.

We base our actions on one powerful, fundamental principle: when we all work together to promote the practice of good medicine and improve our profession over time, we all win.

We welcome you to The Doctors Company.

Richard E. Anderson, MD, FACP
Chairman and CEO, The Doctors Company

At The Doctors Company, we believe you deserve more than a little gratitude for a career spent practicing good medicine. That’s why we created the Tribute Plan, an unrivaled benefit that rewards you for your loyalty to The Doctors Company and for your commitment to providing outstanding patient care.

The Tribute Plan is tangible proof that we are dedicated to rewarding our members—unlike commercial insurance companies focused on rewarding their inside stockholders, or countless other insurance companies that view you as an anonymous policyholder.

The Board of Governors sets aside significant funding annually for the express purpose of rewarding our members. This is the Tribute Plan loyalty pool.

As a new member, you’ll be eligible to receive your award when you meet these three simple requirements:

- Reach age 55 or older
- Permanently retire from the practice of medicine
- Have five or more years of continuous coverage with The Doctors Company on the day you retire. If you were insured by a company acquired by The Doctors Company, your years of continuous coverage may count toward this requirement.*
